

Over 450,000 reasons to buy SK-Breds

New Year's greetings to all horse enthusiasts of Saskatchewan.

New year, new race season, new horses, or just the same old stock? Ultimately, we race it. The choice is ours.

Last year's horses belong to last year's race results and memories of 'what if' or 'I should have'.... these are old race results that now belong in the past.

What the new race year brings to us will depend a great deal on what we bring to the new race year.

Each new race season is met with optimism, anticipation and hope that we have a Futurity, Oaks or Derby winner in our barn.

As the 2022 thoroughbred race season approaches, planning for the upcoming race meets are underway.

If we want to achieve success and get some of those win pictures in our barns, we need to get the right stock in our shed rows.
